EXPERIENCE

IBM Experience Consultant | UI/UX Designer

Aug 2024 - Present — New York, NY

- **Led end-to-end UX, research, and design system initiatives across Fortune 100 clients.**
- **Created and led the rollout of a scalable global design system,** building **120+ reusable Figma components** aligned to the underlying Contentful CMS and CRM architecture, unifying the client's brand identity across **14+ countries and 3 global regions.**
- **Led research and experience definition for an end-to-end SMB e-commerce website at a large telecommunications company**, defining how small and medium-sized businesses discover, configure, and purchase telecom services online through research synthesis, experience requirements, and GenAI-powered customer support concepts.
- **Designed and launched IBM's first Copilot-powered AI virtual agent**, delivering instant HR support by shipping **20 production-ready HR transactions in 8 weeks** while balancing enterprise constraints, **AI feasibility**, and **UX best practices**.

Amazon | Business Analyst Intern

May 2024 - Aug 2024 — Bellevue, WA

- Conducted **20+ qualitative interviews** with warehouse and transportation users, synthesizing insights into **5 employee segments** and validated user stories that **guided product design and feature prioritization**.
- Authored **UX requirements for data visualization enhancements** in Power BI and Tableau dashboards, improving clarity of operational insights.

LocalDevs | UI/UX Designer

Feb 2024 - May 2024 — New York, NY

- Leveraged design experience to help create a **mobile and web application** that is a **centralized source** for housing, food, education, and healthcare resources for non-English speaking immigrant communities in New York City.

Comcast | Product Manager Intern

May 2023 - Aug 2023 — New York, NY

- Spearheaded end-to-end UX and product design solutions for a **B2B advertising reporting platform** supporting millions of end users and **50+ enterprise advertising clients.**
- **Drove product prioritization around high-impact advertiser metrics,** ensuring reporting experiences supported media planning and measurement, but also factored **the customer voice** into key feature decisions.

Cornell University | UX Researcher

Mar 2022 - May 2023 — Ithaca, NY

- Led a human-centered UX research initiative focused on **improving web safety and psychological well-being for K–5 students**. Applied behavioral research, journey mapping, and usability analysis to inform platform concepts for **safer digital experiences**.
- **Selected for presentation at the 2023 National Society for Personality and Social Psychology (SPSP) Conference.**

SKILLS & BACKGROUND

Education

Cornell University
B.S. Psychology (Minor: Information Science)
2024

University of Sydney
B.S. Design Computing (Study Abroad)

Product Design Toolkit

- Design Thinking
- Visual Design
- Prototyping
- Mobile App Design
- Design Systems
- Responsive Design
- Product Strategy
- Usability Testing
- AI Experience Strategy
- User Research
- Visual Design
- Design Systems
- Service Blueprinting
- Design Workshops

Tools & Technologies

- Figma (Jam, Design, Buzz, Make, Dev Mode)
- Adobe Creative Suite (Photoshop, Illustrator)
- Cursor / Lovable
- Framer
- Contentful
- SQL

Certificates

- IBM AI Experience Design Best Practices
- IBM E-Commerce Fundamentals
- Google UX Design Certificate
